

There is nothing quite like it. When you're truly thirsty you don't want soda pop or orange juice or cool aid. You want cold water! When you come to the realization that you need the Lord there is no substitute for the pure Word of God. St. Mary will not satisfy. The Koran is devoid of answers. The book of Mormon is a bad joke. Since "little ones" are mentioned we do our best to provide as much cold water to little ones as possible. Our Sunday has exploded. It is well staffed and trained and the kids really love it. We have a special class taught by a graduate that teaches our teachers how to teach. The lessons originate from my Wednesday night studies on the Character of the prophets. We feed many of the poorest both spiritually and physically. They love washing their own dishes.

FREE COLD WATER

We also offer it freely on the side of the road as well as the public market. Here is a man taking a long draught. Jovani has resumed our walk preaching through local neighborhoods and the whole gang of grads travel to Talakag on Sunday afternoon to many dying of thirst. We have an inexhaustible supply and are thrilled to find an empty vessel we can fill. Jessa is standing in the pouring rain offering all who pass by a free drink of cold water.

SWEETNER ADDED

We celebrated our one year anniversary for the start of our music ministry. With great piano, violin, and choir the cold water is naturally sweetened and is quite palatable spiritually. We all worked very hard to quench the thirst of 106 in attendance this past Sunday. All is very well in our ministry up to this moment. We pray we will soon be showered upon by the blessing of the Blessed Hope and so, quench our thirst for eternity. Feeding the hungry both physically and spiritually...
